## Traditional tikog flattening

Women weavers processing tikog manually.

The improved Tikog Flattening Machine helps increase the productivity of the tikog-based livelihood community of Basey, Western Samar.

### Tikog Flattening Machine

Let us get to know more about Basey, Western Samar and its world-class products.

- It is known for its tikog-based products.
- Its tikog industry represents the 'One Town One Product' (OTOP) of Basey.
- The tikog weavers and workers are organized under the Basey Association for Native Industry Growth (BANIG).
- Most of the weavers are women.
- Tikog provides continuous livelihood which have leveled up to become Basey's enterprises.

Bundling

Pounding

Evening

Fresh tikog strands

The improved Tikog Flattening Machine is lighter and more compact than its original counterpart. Aside from being more portable and less demanding of working space, the improved Tikog Flattening Machine will increase the weavers' productivity and enhance the quality of tikog-based products.

Tikog processing and tikog-based handicraft-making is now a thing of the past with the Tikog Flattening Machine.
