We are looking for metal fabricators interested to adopt the

# ABACA FIBER STRIPPING MACHINE

You may be one of them.

## DID YOU KNOW?

- About 200,000 families in the Philippines depend on abaca farming as their primary source of income.
- All of Mindanao's provinces are among the most important abaca-growing areas in the country, along with the Bicol Region and Mindoro in Luzon and the provinces of Leyte, Samar, Negros Oriental, Iloilo, and Aklan in the Visayas.
- Abaca farming is becoming more popular as a result of the great demand for abaca fibers in both domestic and international markets.
